Year 9 - Term 1 -

Using image editing software

Year group: 8	Subject: Computing
Prior learning- linked to National curriculum	Students have completed the Y7 topic 'Clear messaging in digital media' and will be able to: ● Create, reuse, revise, and repurpose digital artefacts for a given audience, with attention to trustworthiness, design, and usability Student will have also completed the Y8 topic 'Developing for the Web' and would have experienced creating and designing their own website.
Rationale	In this unit, learners will be introduced to Photopea (online image editing software) and develop their skills using various tools. By the end of the unit, learners will create a digital image for a design brief. We have chosen this engaging topic now as it's a great way to start the year and allows students to get a taste of digital imaging and the Creative iMedia course we run at KS4.
Vocabulary:	Keywords: Photopea, text, layers, gradient, opacity, selection, filters, blending options, magic wand, clone stamp, specification, target audience.
Curriculum links:	● Create, re-use, revise and re-purpose digital artefacts for a given audience, with attention to trustworthiness, design and usability
Key assessments-	Students will create a digital graphic to meet the demands of a target audience.

What do children know/ can do now	
What **amendments** are you going to make following evaluation of this module?
