Encouraging Positive Choices and Listening Skills

(2-12 years) 2 hours

EH.0-19parentingteam@eastsussex.gov.uk

Taking turns, waiting, following instructions, getting along with others, and being told “no” can be hard, especially for younger children.

As they grow, the emotional centre of their brain is developing.

They're always learning, and tantrums are a normal way to express themselves. If you're wondering how to get your child to co-operate without yelling, it helps to start to understand what could be making them behave this way.

This very popular session helps parents to teach their children limits, make good choices and build a strong bond through effective communication.

EH.0-19parentingteam@eastsussex.gov.uk

When children fight there is a risk that somebody could get hurt so teaching your children clear limits and boundaries is important. This session will show you how to encourage your children to play well together, problem solve and solve arguments without parents always needing to be involved.

Building Teen Survival Skills (10+ years) 2 hours

EH.0-19parentingteam@eastsussex.gov.uk

Talking to teenagers about risky situations can be tricky, as they often believe parents are overreacting. For example, is your teenager looking to go on a sleepover at their friend's house who you don't know? Do they want to stay at home alone, do they want to hang out in town with their friends? Teenagers need to be able to recognise risky situations, have a plan for coping with these and/or avoid more dangerous situations.
